# FAKE TEACHER, PUT OUT AS BURNABLE TRASH

481

14

There was a case where the murderer, corpse hider, and stalker Fukushima Mitsuru (23) was pulped with a metal bat, cut into pieces, and put out as trash to be burned on the trash day from the school he was infiltrating. The evidence found point him as the killer of Fukushima Mitsuko, a highschool teacher, in the Sea of Trees. Using the ID of the victim, he infiltrated the school as her to seemingly stalk a female teacher in the same field.

## A word from the Vice-Principal

As a teacher, I cannot scold these students. They were just trying to protect Asahina-sensei from the culprit who betrayed the students' expectations and was carrying out stalking activities.

If they hadn't killed him, I would have probably killed him.

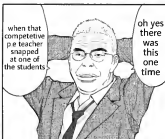

it's been  
years since  
the last time  
our students  
were so quiet  
after verbal  
threatening

Fuku-  
shima  
sensei's  
sharp  
speech  
was  
amazing

ha  
ha  
ha

his body  
got snapped  
right after  
and we  
had to call  
911

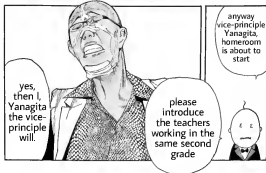

when that  
competitive  
p.e teacher  
snapped  
at one of  
the students

oh yes  
there  
was  
this  
one  
time

putting  
that aside  
we have to  
introduce  
the other  
teachers  
to Fuku-  
shima  
sensei

that's not  
something  
you can  
joke  
about  
!

note: his name is pun on sawayaka= refreshing, a refreshing person

\*text on plane- Kamikaze

note: his name is pun on urami=grudge, tamaru=pile up.

I'm sure  
I carried  
that weight  
from the car  
with the cart  
then threw it  
into the hole

I can't  
believe  
this

.....

why is  
that pig  
alive?

then I  
checked  
the corpse
